Dear Mr. Rio Fiocco

SUBJECT: FORMAL LETTER OF ACKNOWLEDGEMENT.

This correspondence serves as a formal acknowledgement on behalf of the Governing Council for Saint Barnabas School of Nursing, the kind gesture in having to commit funding toward payments of shipment in ensuring smooth transition of the container to Alotau, Milne Bay Province.

Saint Barnabas School of Nursing is basically a mainline church run institute headed by the Anglican Church of Papua New Guinea. It is supported by the Catholic Church of Alotau Diocese and United Church of Papua Island Region.

Though, the institute is seen to be operating under this arrangement by a Memorandum of Agreement, the institute has had its fair share of being starved of adequate funding. We have been highly dependent on annual school fees paid by all students' enrolled and quarterly government funding which is insufficient.

With the generous support accorded by the foundation, we are indebted to having you partner with us and anticipate continued dialogue now and into the near future.

Yours faithfully,

Noreen Tabua **(Mrs.)**
Principal
SBSON
Alotau.
